Subject: Construction Activities on LPT's 2301 Renaissance Boulevard Property

This project status report covers on-site work completed on the subject property on 11/29/01 and planned for completion on 11/30/01.

Work Completed on 11/29/01

Installation of steel for the building was continued today. Also, work on the main electric line for the building was initiated today. This line will run from near the temporary construction entrance north along the curb of the entrance driveway and then out onto Renaissance Boulevard. No other on-site work was completed at the site today.

Anticipated Work to be Completed on 11/30/01

Installation of steel for the building will continue tomorrow. Also, work on the electric line will be continued tomorrow.

Potential Issues

No potential issues of concern were encountered at the site today.

Please feel free to give me a call if you have any questions regarding the contents of this project.
